ORAL FACIAL IMPLANT SURGERY

Special Instructions for Patients

1. If you are to have IV Anesthesia, have nothing to eat or drink after midnight and have an adult accompany you to drive.
2. If you have any serious illness or have been under the care of a physician, it is advisable to inform your physician what you are planning to have done.
3. If you have ever had a reaction to any drugs or complications with any medication, please tell us.
4. Prescriptions and instructions for post-operative care will be given to the patient on the day of surgery.
